PROGRAM STRUCTURE

Our EPAC Minis program runs year-round, divided into two semester blocks to keep our little dancers moving and growing with consistency and routine.

- Semester 1: Monday January 12th – Saturday July 4th
- Semester 2: Monday July 20th – Saturday December 12th

EPAC MINIS AGE GROUP GUIDE

Our EPAC Minis program is designed to introduce little dancers to the joy of movement in a fun, supportive, and nurturing environment. Each level is carefully structured to suit your child's age, independence, and stage of development.

Dance With Me (Approx. walking age – 2.5 years)

This class is for our youngest dancers who can move independently but still need a little extra support from a grown-up. Parents or carers join their child in the room, helping them explore movement, rhythm, and coordination together.

Best suited for: toddlers who are walking confidently but may still need comfort, encouragement, or physical support during class.

Baby Stars (Approx. 2.5 – 3.5 years)

Our Baby Stars are ready to take their first independent steps into the dance studio! Parents are not in the classroom from this age, allowing children to build confidence, follow instructions, and enjoy dancing with new friends.

Best suited for: children who can participate independently, follow simple directions, and separate comfortably from their parent or carer.

Little Stars (Approx. 3.5 – 5 years)

Little Stars are full of personality and ready to shine! These dancers are able to stay engaged for a full 1-hour class, participate confidently without a grown-up, and show readiness for school.

Best suited for: children who can actively follow class structure, engage for the full session, and dance independently in a group setting.

Each level of our Minis program is designed to support your child's growth. Our teachers work closely with families to make sure every child is placed in the class that best suits their age and development.

FEE STRUCTURE

After reflecting on the changes from last year, we've refined how we handle concert payments for our EPAC Minis program to make things even simpler and more affordable for families.

From the start of the year until the October long weekend, a \$2.50 concert fee per dance will be automatically added to each family's account. This small, ongoing payment covers all concert-related costs, including costumes and concert levies, ensuring there are no additional fees at the end of the year.

This structure allows all costumes to be completely paid for before Photo Day, making the lead-up to concert season stress-free and easy to manage.

Students who join after the start of the year will have a make-up fee applied to align with the total amount already paid by other families.

Concert fees are automatically added and charged at the time of enrolment unless we are notified otherwise, and are non-refundable once processed.

This updated structure helps keep costs manageable throughout the year and ensures every dancer's costume and concert participation are fully organised ahead of time so families can focus on enjoying the excitement of concert season!
